20-0012-FOIA	Anson, Jay	-	8/1/2019	11/4/2019	The Cape Henry was originally the Barber Priam and as far as I can discover from my research she is the last serviceable deep sea vessel that was built for a British company in that era that still survives. I would be interested to know when her current service life is expected to end and what her intended fate would be at that time. I am aware that a number of people and organizations with an interest in the heritage of the British merchant fleet have been attempting to find a vessel of this era to be maintained and preserved as a floating museum in the UK. I am using this contact form as a first attempt to give me the appropriate contact details for whom it would be best to correspond with on this matter.	11/8/2019	Closed

20-0023-FOIA	Buhl, Connie	-	10/10/2019	10/10/2019	The amount of gifts made to USMMA in each of the last 5 years (2014, '15, '16, '17, '18). I would appreciate getting the data by account (I'm not sure what the official MARAD term for that is, but it is when the donor restricts the gift for a particular use, so it goes into an account for that use - basketball, band, engineering, etc.) as well as gifts which were made with no restrictions for use. The USMMA-AAF reports regularly on their giving, so I do not need those numbers. I am asking only for data on gifts to USMMA from persons/entities other than the USMMA-AAF.	1/21/2020	Closed
20-0024-FOIA	Callaway, Sue	-	1/3/2020	1/3/2020	The accession numbers for the transfer of shipping logs from the Maritime Administration to NARA for the SS Canton Victory for 1966.	1/23/2020	Closed

20-0039-FOIA	Lacovara, Phil	-	2/19/2020	2/20/2020	I am researching for a book on the professional life of Captain Leonard La Rue, the master of the SS Meredith Victory at the time the ship and her crew rescued 14,000 Korean civilians from onrushing Chinese forces in Hungnam, Korea, December, 1950. As a result of this action, Meredith Victory was subsequently cited by MARAD as a "Gallant Ship." I am interested in the process that was undertaken to name Meredith Victory a Gallant Ship. How was the process initiated (by whom and on what date, for what stated reasons). What were the deliberations? Was any consideration given to recognizing another participant in the Hungnam evacuation, such as the Virginia City Victory, which reputedly also rescued 14,000 civilians.	2/24/2020	Closed

"Flip"	-	3/16/2020	3/16/2020	I am requesting copies of some RFP's, contract award announcements; and other materials, all of which I'm pretty certain is public information; but, a lot of which is pretty old; and which I have not been able to find through my own online searches. I. The first category that I am looking for is (likely three separate, but related by subject matter) RFP's believed to have been issued by MARAD over the last few years; along with the corresponding contract award announcements: 1. The RFP (s) that resulted in the engagement of naval architects and engineers to design the National Security Multi-Mission Vessels (a.k.a. school ships); and the contract award announcement... (Believed to have been awarded to the Herbert Engineering Corp. of Alameda, CA., sometime in 2014, or 2015). 2. The RFP and award announcement that resulted in the engagement of TOTE to advise in the procurement and construction of those NSMMV school ships... (Believed to have been awarded to TOTE Services sometime in 2018, or 2019)... And 3. The current RFP to build those new NSMMV school ships (Believed not yet awarded). II. The second category of RFP's may have issued from US Naval Sea Systems Command (NAVSEA) in the 1992-1996 time frame. 1. The final RFP (approximately 1994 to 1996 time frame) which resulted in the construction and/or conversions of the 19 LMSR's (WATSON, BOB HOPE, GORDON and SHUGHART Classes). I think this may have been procured under a single RFP; although it is possible that there were at least two or more RFP's (possibly one RFP for the four existing ship conversions; and a separate RFP for the 15 new-builds). 2. The RFP (also approx 1994 to 1996) for acquisition of three Maritime Preposition Force Enhancement ships (MPF(E)). III. A third category of publications I would like to find are the indexes of the publicly available military instructions listed below: When I access the various agency websites for these, most often I am getting kicked-out of the system as not having a secure connection, etc. 1. NAVINST's (All Navy) 2. COMSCINST's (Commander, Military Sealift Command) 3. NAVSEAINST's (Commander, Naval Sea Systems Command) 4. Comparable Instructions or guidance systems utilized by NAVAIR (Naval Air Command) and MARAD. IV. Finally: Are there publicly available lists of naval architects and marine engineering firms that have been awarded either MARAD, MSC, or NAVSEA design and engineering contracts in perhaps the last 5 to 10 years?	6/9/2020	Closed
