Subject: INFORMATION: Reserve Fleet Inventory

Date: September 10, 2001

From: Eugene J. Magee
Chief, Division of Reserve Fleet

Reply to: MAR 612/EJM/pw
Attn. of:

To: Distribution

Attached is the National Defense Reserve Fleet (NDRF) Inventory as of August 31, 2001.

The NDRF program was established by the Merchant Ship Sales Act of 1946, is currently managed by the Maritime Administration (MARAD), and includes fleet anchorages at James River, VA, Beaumont, TX, and Suisun Bay, CA. The only ships authorized to be located at the fleet anchorage facilities are those belonging to U. S. Government agencies. NDRF ships are held at the fleet anchorages and port facilities for national emergencies. After this service, they are required to be disposed of by scrapping through a ship breaker or be sunk as artificial fish reefs. Title of U. S. agency vessels of 1,500 gross tons or greater may be accepted for disposal.

Ships in the custody of a Reserve Fleet anchorage are inactivated and maintained in a condition for long term storage in an industrial environment; they are not maintained in a condition that is safe for general visiting. Reserve Fleet anchorages are industrial facilities and access to them is generally restricted to MARAD or Naval Inactive Ships Maintenance Facility (NISMF) workers, who are trained to work with these particular hazards on a daily basis. Because of safety concerns, it is MARAD's policy to not allow the public to visit ships located in the fleet anchorages except when on official business.

For your convenience, this report is posted on the MARAD Internet homepage. It is available from www.marad.dot.gov/offices/Ship/reserve_fleet.htm where you can look for and click on "Reserve Fleet Inventory".

Paper copy recipients are encouraged to receive this report from the internet web page; however, a copy can be sent by email. If this is necessary, please provide your email address to Joyce.Powers@marad.dot.gov.

The RESERVE FLEET INVENTORY ASSIGNED LOCATION SUMMARY report counts each vessel as either at an assigned fleet site, or at an assigned Outport, or Operational. Therefore when a vessel goes OPCON to other than MARAD it is no longer counted at its assigned fleet or outport. However, the "ASSIGNED LOCATION" in the body of the report continues to show the "homeport" assigned location.
